## BEAR HUNTING

*from your outfitter*

With over 35 years experience in the hunting business I believe this to be the best territory for black bear in Ontario. The following facts for the hunter to consider: Huge 1200 sq. mile (over 750,000 acres) bear hunting territory is exclusive to Bear Creek Outfitters' operation. Wabakimi Provincial Park (3,600 sq. miles - 2.2 million acres) is virgin bear country bordering over a third of our hunting territory.

## MOOSE HUNTING

*from your outfitter*

Weather affecting rut activities and animal movement is the major component to your opportunity for success and makes the time of your stay critical. Guides are constantly gathering information for the upcoming moose season while the fall bear hunt continues. This enables us to provide up-to-date activity upon your arrival. 40% of our bowhunters have had a shootable Bull Moose within bow range. Trophy animals can be expected.

Lake Nipigon provides our eastern border and its fringes are known to produce outsized trophies. The MNR's latest survey states that this area has one of the highest densities of black bear in Ontario. B&C, P&Y trophies are taken each season. This area north of Thunder Bay claims several animals in the top 50.
